

I BELIEVE IN ME

(Because of You)

Don Gnecco

Sometimes I couldn't see
No matter how I tried.
But you have seen the light within me,
The loving part inside.

You've never stopped believing,
You've always shown you care.
You've never wavered for a moment,
You are always there.

You're always looking for the good things
That I don't see.
Your encouragement enhances
All the best in me.

Sometimes when I'm discouraged
And don't know where to go,
You always look beneath the surface
To have my best side show.

When I begin to question,
Just how, or maybe why,
Your support and reassurance
Always gets me by.

I believe in me
Because you care.
I can do anything,
Knowing you're there.
You look inside so that best comes through.
I believe in me because of you!
