

# Christmas Time is The Season For Love

Don Gnecco

Oh the magic of Christmas is now in the air.  
Ringing bells and Christmas carols are heard ev'rywhere.  
The twinkling of lights as the stars shine above,  
Christmas Time is the Season For Love.

When I think of Christmas, the wreath on each door,  
Friends and neighbors and family together once more,  
The warmth of the fire, when the lights are down low  
Makes me think of a birth long ago.

## *Chorus*

Christmas Time is the Season of Love,  
A time for ev'ry boy and girl.  
Hearts are light and the candles glow bright.  
The season of hope for the world.

Ev'ry child feels the magic at this time of year.  
There is wild anticipation as Christmas draws near.  
We look for that star in the heavens above.  
Christmas Time is the Season of Love.

## *Bridge*

All of our dreams, our hopes and wishes for love,  
Ev'ry heart is filled, with light shining from above.

Oh the magic of Christmas is now in the air.  
Ringing bells and Christmas carols are heard ev'rywhere.  
The twinkling of lights as the stars shine above,  
Christmas Time is the Season For Love.  
Christmas Time is the Season For Love.
