

Open Your Heart to Love

Don Gnecco

If we'll just hear the children, listen to what they say,
If we'll just watch the children, children will show the way.
If we want peace tomorrow, then we'll need love today.
Open your eyes, Open Your Heart to Love.

Open Your Heart to Love and all that you can achieve.
When there's love there's lasting peace., if we'll just believe.

If we'll just teach the children, teach them right from wrong,
If we'll just help the children, children will grow up strong.
If we want peace tomorrow, then we'll need love today.
Open your eyes, Open Your Heart to Love.

If we'll just watch the children, see them walk hand in hand,
If we'll just love the children, then they will understand that
If we want peace tomorrow, then we'll need love today.
Open your eyes, Open Your Heart to Love.

Open Your Heart to Love and all that you can achieve.
When there's love there's lasting peace., if we'll just believe.
When there's love there's lasting peace., if we'll just believe.
