

# Good Night, Heart

Lyrics by Malvena Baxter  
Music by Don Gnecco

Good Night, Heart, gentle breath of night,  
Fill your body and mind with peace.  
Kisses of angels, quiet touches of warmth bless your brow.

*Sleep tight, dear one.*  
*Kisses of angels warm your heart.*  
*Sleep tight, dear one.*  
*Angels are whispering "Good Night Heart."*

Dapples of wings, strong and soft.  
Angels above your heart enfold you and light the night.

*Sleep tight, dear one.*  
*Kisses of angels warm your heart.*  
*Sleep tight, dear one.*  
*Angels are whispering "Good Night Heart."*

White wings around you, angels in flight,  
Love and protect you all through the night. (Through the night.)

*Sleep tight, dear one.*  
*Kisses of angels warm your heart.*  
*Sleep tight, dear one.*  
*Angels are whispering "Good Night Heart."*  
*Angels are whispering "Good Night Heart."*
