

# When You Are Beside Me

Don Gnecco

When You Are Beside Me, when I know you're there.  
I believe inside me, there's a part you share.  
I believe that someday when all my dreams come true  
You'll be there beside me  
'Cause I'm in love with you.

*We are two people together,  
Sharing our joys and our tears.  
As long as we have one another  
We'll be together over the years.*

When You Are Beside Me, when I know you're there,  
I believe inside me there's a part you share.  
I believe that someday when all my dreams come true,  
You'll be there beside me  
'Cause I'm in love with you.

*We are two people together,  
Sharing our joys and our tears.  
As long as we have one another  
We'll be together over the years.*

## *Modulation*

When You Are Beside Me, when I feel your touch,  
Then I'll know for sure that you love me very much.  
When the day done and all our dreams are through  
I'm glad you're here beside me,  
'Cause I'm in love with you.  
When the day done and all our dreams are through  
I'm glad you're here beside me,  
'Cause I'm in love with you.
